Letter No. 2034/H8 D/16/2/49
from the Joint Secy. M. S. R. R. C.
seeking instructions about the
registration of refugees coming
from camps and other places
in India.

It is reported that
there is a sudden influx
of refugees seeking registration.
Refugees coming directly from
Pakistan have already been
registered and their number
is over 7,000.

2) It is quite clear from
the Ministry of Rehabilitation's
letter No. Govt/Credit-Notes D/27.12.48
in the linked file ^(25P) 4251 placed
below, that no disposal of
refugees from one place to
another should take place
without the prior concurrence
of the G. of I. and of the
Provincial Governments.

3) Such ^{unauthorised} movements from one
camp or province to another
province or State is to
be strongly discouraged, and

Govt. as well as the
Central Govt. may be kept
informed of these refugees
who do not seem to be
keen on settling down,
but show a wandering
tendency and cause
much inconvenience to
the authorities to the
detriment of the permanent
rehabilitation of those
deserving refugees who have
settled down here already.

4) Under the above
circumstances, the M. S. R. R. C.
will be requested not
to register such refugees
who have come away unauthor-
isedly, and their attention
will be drawn to the
directions of the G. of I. on
the subject which apparently
has been lost sight of!

the refugees in question. Meanwhile

With reference to your letter No. 1784/C.B. dated 3-9-49

I have the honour to invite kind reference to this office letter No. 256-260 dated 25-8-49 forwarding for kind information a copy of the Press Note to say that registration of refugees has since been stopped in pursuance of the Government of India directive No. F-2(6) G-(R)/49 dated 26-1-49 restricting inter-alia the inter provincial movement of refugees, as also your letter No. 7522/C.B. dated 15-3-49 and to state that the approach of the refugees for registration at this office has been a daily occurrence and that inspite of the Press Note previously published as many as 5 refugees ^{families} in the least are coming to this office daily for getting registered. When once a registration of a refugee is effected, other problems such as grant of interim relief, housing, employment etc., arise. There are certain cases of new entrants recommended by the members of the Mysore State Refugee Relief Committee, for being registered. I am sending herewith for such action as is necessary, one such typical case of two brothers. Their case was recommended for employment in private and some Governmental concerns but to no effect. So the question of their maintenance will come up automatically. This cannot be done as relief has been stopped.

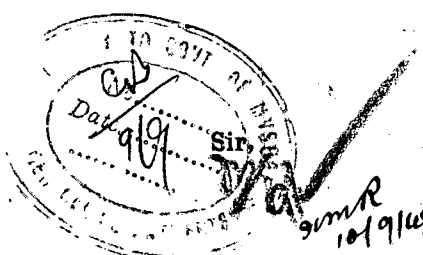

Hence, it is advisable that we make it clear by the fresh Press Note already sent that no registration of refugees coming from other camps and places will take place as per Government Order already issued especially when relief etc., have been stopped and no discretion is vested with the officer on the spot.

Sir,

Subject: Registration of Refugees.

I have the honour to invite kind reference to this office letter No. 327/49 dated 8-9-49 reporting that the approach of the refugees for registration to this office has been a daily occurrence and soliciting instructions whether the registration of refugees in very deserving cases could be effected under the exercise of the discretionary power of the undersigned and to state that there are now on record 30 such cases for registration. These have been got verified with reference to the several proofs they have adduced to show that they are refugees migrated to this place from Pakistan. Amongst them there are six women - mostly widows^{with} and without children. The registration of the refugees has also been recommended by the Refugee Organisations in that the new entrants are bona-fide refugees and they have arrived under special circumstances. I am of opinion that these cases cannot but be dealt with as in the case of refugees that have already come here and settled for several months already.

In the circumstances I request that a certain amount of discretion may kindly be vested in me in the matter of registration and that the registration of the cases now on hand be taken upon on their merits.

Early reply is requested.

Re: Registration of Refugees in

I beg to bring to your kind notice that registration of Refugees has been stopped in Mysore State, with the result that it has created great hardship to the bonafide refugees, who have either arrived recently or have come over here from other provinces. There are also many cases in which the displaced persons who came here long ago but failed to get themselves registered due to ignorance.

I therefore appeal your goodself to kindly treat this with due sympathy and issue necessary orders so that registration of displaced persons may be re-started.

SUBJECT: REGISTRATION OF REFUGEES.

"W"

With reference to your letter No. 9081/C.B. dated 9-1-50 requesting me to furnish certain details on the points raised therein touching the subject referred to above, I have the honor to state that besides 30 cases of refugees waiting for registration as already reported in this office letter No. 816/16-12-49, some more have approached this office for getting registration thus making a total of about 40 cases. These cases have all been enquired into about the place they came from and the object with which they have now migrated to this State.

I am to say that sequel to partition these refugees migrated to the several parts of Indian Dominion for settlement and that some of these people have since come to this State under authority to rehabilitate themselves here as they could not well settle on business or to join appointments offered to them lately. There have been some ^{who} though come much earlier ~~who~~ have not felt the need to get themselves registered as they were looked after and provided for by the relatives in this place.

Now that the rehabilitation facilities such as grant of loan and housing etc., are being extended, these refugees have felt the necessity for registration as without which their cases could not be considered for the conferment of the rehabilitation benefits and therefore ^{approached to be registered} with intent to settle down permanently under the rehabilitation scheme. There is now a fresh exodus from Sindh consequent on the recent disturbances who are also seeking registration.
